

// Important Information

Coordination of Benefits

Benefits under two insurance plans can be coordinated to increase your coverage up to a total of 100%. For example, following payment under this plan, you can submit outstanding balances to the other plan for consideration.

Family Add-On

Students can only add family members at the start of their starting semester.

You can add family benefits by completing the form available from your local Student Association office, or online using Visa or Mastercard by going to www.wespeakstudent.com.

The cost of adding family members are in addition to the International Student Insurance fee and is paid at the time you enroll your dependents.

Family dependents can only be offered to students who are enrolled in the International Student Insurance Plan.
