

Exclusive Member Offers

- **10% off Blue Light filter lenses:** Blue light filter decreases the amount of blue light coming from digital devices and may help reduce digital eye strain, so your eyes won't feel so tired by the end of the day. The big benefit is that it increases contrast and comfort for people who look at digital screens a lot — all of us, basically.
- **10% off Premium Multicoat -** Premium multicoat has additional protection of anti-reflective, scratch-resistant, anti-static, and water, smudge & dust repellent coatings.
- **10% off Transition lenses:** Light Intelligent lenses™ that automatically adapt to changing light, Transitions® lenses darken when outdoors and return to clear when indoors. They also reduce glare, prevent eye strain, and filter more blue light from the sun and screens than our classic lenses.
 - Fully clear indoors
 - Dark outdoors
 - Returns to clear faster than ever
 - Protect your eyes outdoors blocking 100% of UVA and UVB rays

As our lives get busier, Transitions® lenses work double duty for you. From walking to the cafe to working late in the office, Transitions® lenses adjust to your lifestyle. Available in seven stylish colours and for all prescription types, from single vision and progressive to non-prescription and readers. Scratch resistant, anti-reflection and smudge resistant coatings included.

- **10% off Polarized sun lenses** Available in tints such as green, grey and brown, polarized is the only lens type that specifically reduces reflected glare that you see off surfaces such as water, snow and roads, as well as blocking UV rays. They're especially recommended for driving, fishing, boating and most other outdoor activities, where glare interferes with what you are seeing.

Terms and conditions: Discount only available for WeSpeakStudent Members in store only when you purchase a frame and lenses. Can be combined with 2 pair offers. Discount is applied before taxes. Cannot be exchanged for cash. Cannot be applied to past transactions. Offer details are subject to change.
